## **DETAILED ACTION**

### ***Allowable Subject Matter***

The following is a statement of reasons for the indication of allowable subject matter:

Regarding claims 1, 9 and 14:

The primary reason for the allowance of claim 1 is: the C-shaped rail includes an opening in a second extremity thereof over the bearing set. It is this/these features found in the claim(s), as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this/these claim(s) allowable over the prior art.

The primary reason for the allowance of claim 10 is: the C-shaped rail further includes an opening in an upper extremity thereof over the rotatable bearing set for a data collector. It is this/these features found in the claim(s), as they are claimed in the combination that has not been found, taught or suggested by the prior art of record, which makes this/these claim(s) allowable over the prior art.

Claims 5-9 are allowed due to their dependency on claim 1.

Claims 14-15 are allowed due to their dependency on claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
